**Solve the Mystery of
When & Where**

For the past ten years, **MurderWatch® Mystery Theatre** has performed every Saturday evening at **The Grosvenor Resort Hotel at WDW Village in Lake Buena Vista, FL**. Why, then, is it still such a mystery after all this time?

the super detective of the evening wins a prize package containing the coveted **MurderWatch® Watch** - a watch built into a handcuff!

**Confuse this show
with no other**

**- There is no other show like this
in the country!**

The professional entertainers of **Dreamland Productions** have made the Grosvenor Resort the headquarters for their ever-popular **MurderWatch® Mystery Theatre**. This troupe has garnered rave reviews for their special themed dinner shows from **Fodor's Travel, TravelHost**, and many others. During the shows, actors sit among the audience and unsuspectingly weave a web of

mystery. It is the audience's job to solve any crimes committed, with the top detective winning a prize package.

MurderWatch® Mystery shows are truly 'environmental' theatre - the show happens 'real time' and all action happens in the audience. There is no stage; the action happens all over the restaurant so everyone has a front row seat.

**derwatch® Mystery Theatre at
Grosvenor Resort Hotel**

One reason is because the show is the **only dinner show in the Orlando area to be held in a Resort Hotel**. This style of dinner show is unlike the 'other Central Florida dinner shows' and more like the **supper club atmosphere in New York and Las Vegas**. Another reason it gets lost in the shuffle is because it is an **exclusive** event - open to the public only on Saturday evenings. (The other nights can be arranged for private parties, convention, and tour groups.)

To handle the ever-increasing popularity, two shows are currently held in **Baskerville's Restaurant on Saturday evenings - one at 6pm and one at 9pm**. Both showtimes feature the Unlimited Buffet of Prime Rib, Chicken, Fresh Seafood, Stuffed Shells, complete salad bar, side dishes, an incredible array of desserts, and more!

Show styles vary from week to week. Every **MurderWatch® Mystery** show features live music, lots of audience participation, and

In addition to performing every Saturday evening in **Baskerville's Restaurant at the Grosvenor Resort**, **Dreamland Productions** provides an assortment of specially themed entertainment events for the Grosvenor Resort's meeting and convention guests. Special group bookings can be held in banquet rooms or in Baskerville's Restaurant, upon availability.

Another attraction of Baskerville's Restaurant at The Grosvenor Resort Hotel is the replica of Sherlock Holmes' office, 221B Baker St. Encased in glass, guests can view antiques from the era of the famous detective of Arthur Conan Doyle stories. After the **MurderWatch® Mystery** show, guests may inquire about special entry into this office. This museum is a real treat to mystery fans!
